

Brief Contents

PREFACE **vii**

- 1** Introduction **1**
- 2** First-Order Differential Equations **24**
- 3** Second-Order Linear Differential Equations **101**
- 4** Higher-Order Linear Differential Equations **167**
- 5** Series Solutions of Second-Order Linear Equations **187**
- 6** The Laplace Transform **239**
- 7** Systems of First-Order Linear Equations **279**
- 8** Numerical Methods **352**
- 9** Nonlinear Differential Equations and Stability **386**
- 10** Partial Differential Equations and Fourier Series **461**
- 11** Boundary Value Problems and Sturm-Liouville Theory **527**

ANSWERS TO PROBLEMS **571**

INDEX **602**
