1 Steps in Creating Market Insights and the Growing Role of Marketing Analytics 1

Marketing Research and Developing Market Insights 1
Marketing Research Defined 2
Importance of Marketing Research to Management 2
Understanding the Ever-Changing Marketplace 3
Social Media and User-Generated Content 3
Proactive Role of Marketing Research 4
Marketing Analytics Moves to the Forefront 4

The Research Process 4
Recognize the Problem or Opportunity 5
Find Out Why the Information Is Being Sought 6
Understand the Decision-Making Environment with Exploratory Research 6
Use the Symptoms to Clarify the Problem 8
Translate the Management Problem into a Marketing Research Problem 9
Determine Whether the Information Already Exists 9
Determine Whether the Question Can Be Answered 10
State the Research Objectives 10
Research Objectives As Hypotheses 11
Marketing Research Process 11
Creating the Research Design 11
Choosing a Basic Method of Research 11
Selecting the Sampling Procedure 13
Collecting the Data 13
Analyzing the Data 13

Presenting the Report 14
Following Up 14

Managing the Research Process 14
The Research Request 14
Request for Proposal 15
The Marketing Research Proposal 16
What to Look for in a Marketing Research Supplier 17
Modifying the Research Process—Marketing Analytics, Big Data, and Unsupervised Learning 17
A Shifting Paradigm 18
What Motivates Decision Makers to Use Research Information? 18

Summary 19
Key Terms 19
Questions for Review & Critical Thinking 20
Working the Net 20
Real-Life Research 1.1: Can Anyone Be a Market Researcher? 21

2 Secondary Data: A Potential Big Data Input 23

Nature of Secondary Data 23
Advantages of Secondary Data 24
Limitations of Secondary Data 25
Internal Databases 27
Creating an Internal Database 27
First, Second, and Third Party Data 27
Behavioral Targeting 28

Big Data 29
The Big Data Breakthrough 29
Making Big Data Actionable in Traditional Marketing Research Environments 30
Battle over Privacy 31

The Federal Trade Commission 32
State Data Privacy Laws 32
The General Data Protection Regulation 32

Summary 33
Key Terms 34
## 6 Traditional Survey Research 129

Why Decision Makers Like Survey Research 129

Types of Errors in Survey Research 130

- Sampling Error 130
- Systematic Error 131

Types of Surveys 135

- Door-to-Door Interviews 135
- Executive Interviews 136
- Mall-Intercept Interviews 136
- Telephone Interviews 137
- Self-Administered Questionnaires 138
- Mail Surveys 139

**Determination of the Survey Method** 141

- Sampling Precision 141
- Budget 141
- Requirements for Respondent Reactions 142
- Quality of Data 142
- Length of the Questionnaire 142
- Incidence Rate 143
- Structure of the Questionnaire 143
- Time Available to Complete the Survey 143

Summary 144

Key Terms 144

Questions for Review & Critical Thinking 145

Real-Life Research 6.1: Do Consumers Like Chatbots? 145

## 7 Qualitative Research 146

Nature of Qualitative Research 146

- Qualitative Research versus Quantitative Research 147
- The Use of Qualitative Research 147
- Limitations of Qualitative Research 148
8 Online Marketing Research: The Growth of Mobile and Social Media Research 171

Using the Internet for Secondary Data 172
Online Qualitative Research 172
Online Bulletin Boards 172

Webcam and Streaming Technology Focus Groups 173
Using the Internet to Find Online Participants 174
Online Individual Depth Interviews (IDIs) 175

Online Survey Research 175
Advantages of Online Surveys 175
Disadvantages of Online Surveys 176
Tools for Conducting Online Surveys 177

Commercial Online Panels 178
Panel Recruitment 178
Open Recruitment 178
Closed Recruitment 179
Respondent Participation 179
Panel Management 180

Mobile Internet Research—The Future Is Now 180
Advantages of Mobile 181
Designing a Mobile Survey 181

Social Media Marketing Research 182
Summary 182
Key Terms 183
Questions for Review & Critical Thinking 183
Working the Net 183
Real-Life Research 8.1: Shoppers Spending More In-Store Than Online 183

9 Primary Data Collection: Observation 185

Nature of Observation Research 185
Conditions for Using Observation 186
Approaches to Observation Research 186
Advantages of Observation Research 188
Disadvantages of Observation Research 189

Human Observation 189
Ethnographic Research 189
Mobile Ethnography 192
Mystery Shoppers 192
One-Way Mirror Observations 194

Machine Observation 194
Neuromarketing 194
Facial Action Coding Services (FACS) 197
Gender and Age Recognition Systems 199
In-Store Tracking 199
Television and Video Audience Measurement and Tracking 200
Symphony IRI Consumer Network 200

Tracking 201
Magazines Track Online Readers and Apply It Also to Print 201
Social Media Tracking 202

Virtual Reality and Augmented Reality Marketing Research 204
Summary 204
Key Terms 205
Questions for Review & Critical Thinking 205
Working the Net 206
Real-Life Research 9.1: Bausch & Lomb Fine-Tune the Details 206

10 Marketing Analytics 208

What Is Marketing Analytics? 209
The Marketing Analytics Process 210
Getting the Data 210
Big Data Sources 210
Data from Traditional Sources 211
Organizing, Merging, and Using Big Data 212
Acting on Results of Analysis 212
Big Data 212
Background on Big Data Issues 212
How Does It Work? 213
Test Markets 244
  Types of Test Markets 245
  Decision to Conduct Test Marketing 248
  Steps in a Test Market Study 249
Summary 252
Key Terms 252
Questions for Review & Critical Thinking 253
Working the Net 254
Real-Life Research 11.1: Los Lobos Beer 254

12 Data Processing and Basic Data Analysis 255

Overview of Data Analysis Procedure for Survey Research 256
Step One: Validation and Editing of Paper Surveys 256
  Validation 256
  Quality Assurance for Internet Panels 257
  Quality Assurance—Respondent Cooperation and Attention Issues 258
  Special Issues with Big Data 260
  Editing 260
Step Two: Coding 264
  Coding Process 265
  Automated Coding Systems and Text Processing 266
  Intelligent Capture Systems 267
  The Data Capture Process 268
  Scanning 268
Step Four: Logical Cleaning of Data 269
Step Five: Tabulation and Statistical Analysis 269
  One-Way Frequency Tables 269
  Cross Tabulations 272
  Death of Crosstabs? 274
Graphic Representations of Data 274
  Line Charts 275
  Pie Charts 275
  Bar Charts 275
Descriptive Statistics 278
  Measures of Central Tendency 278
  Measures of Dispersion 279
  Percentages and Statistical Tests 280
Summary 281
Key Terms 281
# 13 Statistical Testing of Differences and Relationships
